DETAILED ACTION

Status of claims

Receipt of the Request for Continued Examination ("RCE") filed September 09, 2005 is acknowledged. Claims 1-33 are pending in the application and are presented to be examined upon their merits. Applicant has made no amendments to the claims.

Information Disclosure Statement

1. The information disclosure statement (IDS) submitted on March 04, 2003 is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

Response to Arguments

1. Applicant's arguments filed June 30, 2005 have been fully considered but they are not persuasive. It is agreed that there must be a clear teaching in the references in light of applicants limitations. The applicant has claimed the following limitation:

"Credit limit storage means for storing credit limits available for trades between *a trading floor* or group of trading floors and *possible* counterparty trading floors or groups of trading floors and comprising *at least one trading agent node* for storing credit limits for a group of logically separate trading floors"

an alternative embodiment of Togher teaches,

"Alternatively, the system could combine transactions from related Trading Floors, in which case the Floor profile could merely identify a common credit facility having a single credit limit for each Trading Floor or groups of Trading floors." [Togher, col. 12, ll. 40-45]

Art Unit: 3624

The Examiner disagrees that this teaching is not clear. The alternative claim language that the applicant has chosen is clearly anticipated by Togher. In the Examiner's interpretation Togher is clearly teaching an alternative embodiment that includes credit limits for each trading floor or groups of trading floors. Thus the 35 USC 102 rejections are maintained.

Conclusion

2. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
